Indiana "Wheat"

More Better Wheat

AN ARMY
travels on its stomach.
The farmer must furnish the transportation.
Sow a field of wheat this fall. A patriotic duty as well as a money making proposition.

HIS MUNITION

PLOW EARLY
and prepare a good seed bed. Thoroughly clean and grade seed wheat by the use of a good fanning mill.

Sow Standard, High Yielding Varieties.

Treat seed to prevent smut.

Fertilize all wheat ground this fall.

Don't buy any so-called "Peck" wheat.
